Mount Ida College

Newton, MA
Pursued a Bachelor of Science in Animation
2015-2018
GPA: 3.95, Dean's List

SKILLS & PROFICIENCIES

- Public speaking
- Maya
- 3D Animation
- 3D Modeling
- Unity
- Adobe Photoshop
- Adobe After Effects
- Adobe Premiere
- Adobe Illustrator
- ZBrush
- Eclipse
- Sourcetree
- Microsoft Word
- Oculus

ACHIEVEMENTS

Environment, character, and animation work completed on Virti's Virtual Human product will be featured at the **Boston Museum of Science** in October 2022 in their *Exploring AI: Making the Invisible Visible* exhibit.

PROFESSIONAL SUMMARY

Animator with experience working in the higher education and virtual reality industries. Believer of the animation principles and always hungry to learn more.

WORK EXPERIENCE

3D Artist

Virti

September 2021 to Present

- Animate naturalistic behavior for human figures.
- Texture clothing, skin, and hair for realistic humans using Substance Painter.
- Light environment scenes for VR and web simulations.
- Photograph environments and characters for high-quality photos.

3D Animator

Northeastern University

May 2019 to September 2021

- Animated naturalistic behavior and create 3D assets, including human figures, textures, and rigs.
- Performed visual quality assurance and support deployment to 3D rendering engines for grant-funded research projects.
- Created art assets including photography and illustrations.
- Created demo videos of completed systems.

Animation Intern

CardSnacks

November 2017 to April 2018

- Created and helped manage the mobile greeting cards featured on the CardSnacks service.
- Received feedback on concepts and altered designs accordingly.
- Ensured that each greeting card met the correct file requirements.
